

BAGHOUSE AND DUST COLLECTOR FILTERS

designed for improved dust collection efficiency and engineered for top baghouse performance

PULSE-JET - REVERSE-AIR - SHAKER

More than a filter bag! Made in the USA with continuous process improvements allowing the shortest industry lead times while maintaining strict quality and design standards. Keep your operations running smoothly with Midwest Filter's baghouse filters - they fit most styles.

Industries Served:

Chemical - Minerals - Lime - Cement - Asphalt - Mining -
Energy - Plastics - Metals - Wood - Food - Foundry

Medias:

Aramid - Acrylic - PPS - P-84 (polyimide) -
Teflon (PTFE) - Polyester - Polypropylene -
Seamless polyester - Cotton or poly sateen

Construction / finishes:

Singed - Glazed - Hydroentangled - Duo
density - Epitropic - SS scrim - Oleophobic -
PTFE membrane - Specialty finishes

End Styles:

Snap band - Plain top - Flanged - Open
corded - Strap - Loop - Compression band -
Hanger - Grommet - Finger loop - Drawstring -
Envelope style - Disc bottom - Wear cuffs

DUST FILTERS - PLEATED

PLEATED BAGS

MWF's pleated bags replace fabric bags and metal bag cages in pulse-jet baghouses and industrial dust collectors. Pleated bags fit most OEM pulse jet styles and are suitable for process applications. They're available with molded or metal end caps, spun bonded PE media and finishes including anti-static, HO, and PTFE membrane

DUST CARTRIDGES

For light duty and low dust loading applications, MWF's OEM quality replacement dust collector cartridges for horizontal and vertical mount collectors are available with 80/20, nano, or spun bonded PE media and finishes like flame retardant, HO, anti-static, and PTFE membrane

THESE FILTERS PRECISELY FIT MAJOR MANUFACTURERS INCLUDING, BUT NOT LIMITED TO:

Flex-Kleen - Schenck - Camcorp - Sly - Steelcraft
Ultra Industries - Cyclonaire - Mikropul - IAC
Wheelabrator - Kirk & Blum - Fuller - C&W -
Steelcraft - Nederman

Donaldson Torit - Camfil Farr - Robovent - AAF -
UAS - Sly - Flex-Kleen - Airflow Systems -
Schenck - Micro Air - Pneumafil - Steelcraft -
Plymovent - Dynamic Air - Nordson

ABOUT MWF

For more than five decades, Midwest Filter has established a strong reputation for delivering exceptional service and ensuring client satisfaction. We have maintained the highest quality standards for our dust and liquid filtration products. Our team of filtration specialists dedicates time to understand your specific application challenges and offers tailored solutions for your unique filtration challenges.
